

Testimonials

Holistic could not have been a more supportive, efficient and responsive organization to work with when it came time to put together a team of caregivers for my parents. They took enormous trouble to understand who my parents are and what they need. They provided an excellent group of prospective candidates. They helped with selection, scheduling, and the details of payroll, etc. And they have been there to resolve even the smallest issues ever since. As a result, my parents are being looked after by a wonderful group of caring, well-trained and trustworthy caregivers, some of whom feel like family even though they have only been in our lives for a few months. I could not think more highly of Holistic HomeCare and the people who run it. I'm not sure where my family would be without them.

The incredible advantage is the time you all take to thoroughly vet the qualifications of your caregivers, offer options, and search for the right fit. It's such a far cry from regular agencies—really entirely different services. We are OK now, thanks in large part to everything that all of you did for us. I just couldn't have made it through without your support and expertise. Thank you very much.

One of my clients had an urgent need for a companion. Her mental health had recently deteriorated to the point where she could not safely be alone in her apartment. I called Holistic HomeCare Associates and within a couple of days I hired two wonderful caregivers who my client immediately embraced; they took the necessary initiative in caring for my client both medically and emotionally.

Rick Gang

Holistic HomeCare Associates (HHCA) is a licensed and bonded employment agency founded by Anne Sansevero and Rick Gang.

With experience comes excellence. Anne and Rick have over 30 collective years of expertise in the field of Aging Life Care and recognize that successfully aging in place requires the strength, quality and commitment of an exceptional caregiving team. HHCA is dedicated to delivering peace of mind by carefully matching clients with exceptional private hire companions, caregivers, and nurses.

It Takes Experience to Hire Exceptional Care

- Are you looking for exceptional “concierge level” home care services in the New York City or the surrounding areas?
- Do you want all the benefits of private-hire care without sacrificing the ease and support of a home care agency?

If you said “yes,” we have created a hybrid model of care with you in mind. We offer personal and concierge-level service while matching clients with the highest caliber private-hire caregivers. With our optional Employer Protection Plan we remove many of the burdens associated with being an employer.

Our mission is to ensure that our clients have all of the benefits of private hire care with the highest level of personal support and customer satisfaction.

Why Work With Us?

Choice + Control + Quality = Peace of Mind

CHOICE—of caregivers

- We listen to your specific needs and thoughtfully match several high-caliber candidates suitable to your unique situation.
- Caregivers are presented to you for consideration by way of bios and photos.

CONTROL—over match, costs, responsibilities

- You choose the caregiver who best meets your needs.
- You negotiate the rate and set the schedule directly with the caregiver.
- You determine the tasks and responsibilities of the caregiver.
- Your privately hired caregiver is able to perform tasks that typical home care agency caregivers are prohibited from doing.

QUALITY—from experienced professionals

- Candidates are interviewed in person by an HHCA principal after an extensive application process.
- We meticulously screen, verify references, and perform nationwide background checks on all applicants. Only a small percentage who apply meet our high standards.
- We provide you with information, guidance, and support on employer requirements.
- We provide ongoing assistance in finding additional staffing support and coverage as needed, saving you valuable time.

PEACE OF MIND

- Clients are able to develop long-term relationships with caregivers and enjoy significantly lower staff turnover, which supports continuity of care.

How Do Our Fees Work?

We offer a new industry-first and unique payment plan, the Placement & Payroll Plan.

EPP: The Placement and Payroll Plan (PPP)

This bundled package adds an hourly or daily surcharge to the payroll and simplifies and automates the entire process of being an employer. Payments are typically made by electronic bank payment (ACH) at no added cost, which is accessed on a secure, fully automated, and user-friendly website. The PPP also provides additional and highly valuable benefits that are not usually available in typical private hire arrangements, thus making this such a unique, safe and “best of all worlds” offering:

- Timekeeping (with GPS location verification);
- Nationwide background checks and rigorous, previous-employment reference checks;
- WC/DB guidance and quote generation;
- LTC claims processing;
- Full-service payroll, tax withholding and filing;
- Ongoing caregiver replacements and coverage (i.e., vacations, illnesses, etc.);
- Our highly responsive, concierge office support.
