Live-In Caregiver Staffing Throughout New York State

As a New York–based **Aging Life Care Manager®**, you know how challenging it can be to staff live-in care — especially in rural and suburban regions. At Holistic HomeCare Associates, we specialize in connecting care managers and families throughout New York City, the Hudson Valley, the Capital Region, and Upstate New York with exceptional, reliable caregivers.

Our registry model gives families the **flexibility** of private hire with the **security, oversight, and white-glove support** of an agency. Whether your client lives in Manhattan or the Mohawk Valley, we help you deliver continuous, high-quality care with confidence.

Trusted Support for Care Managers — Even in Hard-to-Staff Areas

- **Statewide Reach:** We source and place experienced live-in caregivers in both metro and rural areas across New York state.
- **Turnkey Employer Setup:** We assist with payroll, taxes, and all compliance details, making your client the legal employer — without administrative burden.
- **Rural Placement Expertise:** Our team specializes in recruiting caregivers for care deserts and hard-to-staff regions where agencies often struggle to find coverage.
- **High Retention, Trusted Talent:** Our caregivers earn a higher percentage of their rate, ensuring satisfaction, loyalty, and long-term continuity of care.
- **Dependable Backup Coverage:** We provide replacements as needed.
