Medicaid + Private Pay Hours = Client Peace of Mind

Through the **Consumer Directed Personal Assistance Program (CDPAP)**, Medicaid recipients can direct their own care, choosing and managing their caregivers. Many families hire additional private pay care around **Medicaid-approved hours** to ensure peace of mind.

We work seamlessly with **pooled income trusts**, through which your clients can maintain Medicaid eligibility while allocating funds toward additional hours of care not covered by Medicaid. Weekly caregiver payroll is paid directly from the trust to the payroll vendor, ensuring compliance, accountability and ease of administration.
